

A fresh graduate from UW with a Bachelor's in Human Geography eager to continue learning. Skilled writer, familiar with tech, science, and drawing and design. A love for urbanism. Good with public speaking and presenting. Extensive work with filmmaking and video production (writing, storyboarding, logistics, casting, communicating with clients and interview subjects, editing).

skills

PRESENTING & SPEAKING

CODING

DESIGNING & DRAWING

GROUP LOGISTICS

education

**Bachelor of Arts in Geography -
University of Washington, Seattle
[2016-2020]**

3.29 Cumulative GPA; 3.79 Major GPA

- Frequent reading and writing of academic papers on a variety of geography, policy, and economic and racial justice topics. Includes production of two podcast episodes.
- Work with GIS via Esri ArcGIS.
- Academic focus on and interest in cities and urban planning. Spent two quarters working alongside City of Bellevue Parks Department for their Lake-to-Lake Trail project (2019-2020). Lead the group during the second quarter. More info on portfolio site.
- Additional studies in Math, Physics, and Computer Science.
- Did work for SARP (Society for Advanced Rocket Propulsion) in rudimentary robotics, video production, and graphic design.

**Graduate - Ballard High School,
Seattle [2012-2016]**

- 3 years of digital film in the school's nationally renowned program.
- Spoke in front of hundreds on two occasions: first about film work at the Ballard Film Festival, second after being nominated as Class Speaker for my hilarious and inspirational graduation speech.

work experience

**Café Team Member -
Pacific Science Center [Summer 2019]**

- Hot and cold food prep
- General cleaning and organizing, inventory management
- Front-facing customer service

**Student Assistant -
Seattle Public Libraries (Primarily
Queen Anne Branch) [2017-2018]**

- Inspect, sort, and shelve books
- Organize, clean, open and close library
- Assist patrons; front-facing customer service
- Handle cash for fines

notable experience and accolades

For further details on some of these projects, see my portfolio website.

Coding, Tech, and Software

- Experience with Microsoft Office Suite, Adobe Creative Cloud Suite, Esri ArcGIS, Unity Engine (rudimentary)
- Coding experience with Java, HTML/CSS, Android Dev, Arduino, Python, OCaml
- Basic robotic automation experimentation for class and SARP in college
- Won 'Best Productivity App' with my creation, the Bit Clock, on a microcontroller at Microsoft Summer Boot Camp (2015)

Writing

- Self-published a short novel through Amazon (Nerds VS Populars, 2013)
- A small sampling of academic and creative writing is available on my portfolio site

Film

- "Field work" includes filming Ballard High School football games (2015-2016) and gaining press access to a Bernie Sanders Rally (2015)
- 5 Emmy Nominations - 1 for a Net Neutrality PSA "Membership" (writer/producer/editor), 1 for a short horror film "Who's Afraid of the Dark" (producer/gaffer/editor), and 3 for a short film "Comeback" (producer/editor). Comeback won 1 National Emmy and several other accolades and film festival entrances
- Short Documentary "My Bike and Me" admitted to National Film Festival for Talented Youth and featured on the local news (producer/editor, 2017)

Scholarships and Academic Awards

- AP Scholar Award
- Atsuhiko Tateuchi Memorial Scholarship
